Profile

Who am I?

I'm a recent Computer Science graduate with a passion for **FullStack Development**. I love **working in a team** to create beautiful websites that **prioritize User Experience**. I'm a **fast learner**, eager to explore and then master new technologies.

Skills

What can I do?

Tech Stack: React, NextJS, NodeJS, NestJS, TypeScript, JavaScript, PostgreSQL
Developer Tools: Git, PrismaORM, Swagger, Jira, VS Code
English Level: Cambridge C1 (Advanced)

Education

2021-2024
Iași, RO

Faculty of Computer Science - FII UAIC
Studied Computer Science fundamentals such as Databases, Object Oriented Programming, Web Technologies.

Experience

Oct-Nov 2023
Ness Digital Engineering
Iași, RO

NodeJS Developer Intern
Built a RESTful backend service using NodeJS and Express with Typescript. Worked with PrismaORM with a PostgreSQL database and documented the API with Swagger. Used Git and Jira extensively, helped colleagues resolve merge conflicts.

Projects

2024
FII, UAIC

findTheHome
Web application for buying / selling / renting homes built with NextJS, NestJS and TypeScript. Designed RESTful API, secured API with JWTs, respecting best practices. Implemented an intuitive to use UI.

2023
FII, UAIC

CroG
Final Project for Web Technologies course. Website for finding and managing resources related to Creative Coding. Developed microservice based backend with secure APIs and implemented a clean frontend UI.
